

# Accuracy checking pharmacy technician (ACPT) programme

“This programme supports the development of competent accuracy checkers, with the help of leadership development.” Pharmacy manager

**Superintendent pharmacists** - Train your pharmacy technicians to become final accuracy checkers to:

- optimise your team’s performance, ready to deliver new NHS services within the NHS Long Term Plan
- empower the accuracy checking pharmacy technician to take on a leadership role in the dispensary team
- increase your team’s capacity to deliver more clinical care.

Blended online learning, which is flexible to fit in with business priorities.

NHS-funded training for pharmacy technicians working in community or health in justice.

**Don’t miss out - apply now.**

For further information, ask a member of the team on the CPPE stand, or visit [www.cppe.ac.uk/career/acpt](http://www.cppe.ac.uk/career/acpt) @cppeengland #PharmacyIntegration

Delivered in partnership with Health Education England, NHS England and NHS Improvement

## **Accuracy checking pharmacy technician (ACPT) programme**

“The ACPT programme didn’t just focus on the checking aspect of an ACPT but also the behaviours, attitudes and general skills needed to be an efficient and accurate checker.” ACPT trainee

**Pharmacy technicians** - Take advantage of the programme to:

- develop the skills required to be a safe final accuracy checking pharmacy technician
- improve your leadership skills to direct the dispensary team
- support pharmacists to deliver patient-facing services.

Rolling monthly cohort intake, so no lengthy wait to start.

NHS-funded training for pharmacy technicians working in community or health in justice.
