**APPLICATIONS ARE NOW OPEN
APPLY EARLY TO SECURE YOUR PLACE**

We want to bring leadership journeys and skills closer to early career pharmacists; to **energise** and **inspire** them to positively drive change by **connecting** with other like minded colleagues from across the U.K.

Our first ever programme, with the support of the NHS Leadership Academy will run virtually in Spring 2021 as three monthly evening events between March to May 2021.

We welcome applications from pharmacists working in any sector who have undertaken the pre-registration exam in the past five years; no previous leadership training is required to apply.
