Decrease Costs

- Introduction of a Compliance Aids Policy to reduce system reliance on pharmacies to provide MDS
- Support pharmacies to feel confident in decreasing the number deliveries or to charge where appropriate
- Identify and support pharmacies to stop doing unfunded activity
- Increase efficiencies of commissioned services including supporting pharmacies to use the right member of the pharmacy team to deliver each service

Improve Workforce

- Primary Care Network – Community Pharmacy Lead
 - Co-ordinate and provide support for new and existing PCN leads
 - Provide guidance to PCN leads to allow them to support CPCS rollout
- Independent Prescribers working in Community Pharmacy
 - Identify and support or existing IP network
 - Support pharmacies to access training courses and provide guidance in securing a DPP/DMP
- Training
 - Provide system support to generate more Foundation Pharmacist places in Dorset
 - Support pharmacies to develop their non pharmacist workforce (NVQ2 dispenser to ACTs)

Pharmacy Communication

- Deliver a 2024 Annual Conference with Award Ceremony to share Vision and celebrate success
- Produce a weekly email for pharmacies to contain relevant updates at the same time each week
- Provide Operational Support and guidance to pharmacies through email, phone calls and pharmacy visits
